

2ND ANNOUNCEMENT - CALL FOR ABSTRACTS

SEE YOU AT

**ECET
2021**

7 -9 July 2021

PALAIS DES CONGRÈS DE PARIS

PARIS · FRANCE

European
Council of
Enterostomal
Therapy **ECET**

Organised in cooperation with the French Association of Enterostomal Therapists, A.F.E.T.

WELCOME

We cordially invite you to the 15th Biennial Meeting of the European Council of Enterostomal Therapist - ECET 2021

We would like to address the very special situation that health care professionals around the world have experienced during the past months and probably will continue to face some months ahead. Extreme challenges, steep learning curves and thoughts about what can we do to overcome the challenges, how do we move along and how do we meet and treat patients and educate relatives?

Thus, this new reality is reflected in the scientific programme and in the theme of 2021:

Global pandemic and caring for people with ostomy, incontinence and wound healing disorders

The conference will be held jointly with the European Wound Management Association Annual Conference, EWMA-Journées Cicatrisations 2021, which gives our participants a unique opportunity to benefit from a huge number of high-level scientific sessions, excellent networking opportunities and the possibility to meet more than 160 wound healing and stoma care companies.

Why attend?

- A specific ECET 2021 programme with the latest knowledge within Ostomy, Wounds and Continence – just as you know it
- Possibility to attend all sessions incl. EWMA-Journées Cicatrisations 2021 sessions
- Bridge-building sessions on mutual interests of ECET and EWMA
- Bi-lingual sessions: English & French

We will work hard to make the conference an inspiring forum of fruitful scientific discussions, learning and networking opportunities for everyone attending the conference.

We look forward to welcoming you in Paris.

Kind regards, on behalf of the ECET Board and A.F.E.T.
Gabriele Kroboth, President ECET & Danièle Chaumier, President A.F.E.T.

Scientific topics

Ostomy care

- Global pandemic and caring for people with ostomy, incontinence and wound healing disorders
- Stoma site marking
- Use of Convexity
- Complication management
- Herniation and hernia prevention
- Stoma reversal
- Kock Pouch revival
- Paediatric ostomy
- Urostomy
- Stoma surgery

Continence care

- Global pandemic and caring for people with ostomy, incontinence and wound healing disorders
- Urinary incontinence
- Fecal incontinence
- ISK
- Guidelines

Wound care

- Global pandemic and caring for people with ostomy, incontinence and wound healing disorders
- Open abdomen
- Fistula management
- Negative pressure therapy

Nutrition

- Support, benefits and risks
- Global pandemic and caring for people with ostomy, incontinence & wound healing disorders

Submit your abstract

Please submit your abstract within one of the categories of Ostomy, Continence, Nutrition or Wound Care at the conference website ecet2021.org, where you will also find the abstract submission guidelines. The deadline for submitting abstracts is **20 January 2021**.

ECET 2021 Scientific Committee

Danièle Chaumier, AFET President

Gabriele Kroboth, ECET President

Werner Droste, ECET Vicepresident

Registration fees

Please find registration fees and link for registration at www.ecet2021.org

It will be possible to buy tickets for the ECET 2021 sessions only or full entrance tickets that include EWMA 2021 sessions
